Rebels Win Two Weekend Games

BY DOUG BARNES

The high flying Rebels won both ends of a weekend double-header. They had a fairly easy time on Saturday night, skating well, and their passes were right on most of the time. Barry Pankewicz had only 20 shots on him in the net. But when he was tested he looked sharp.

Sam Belcourt led the Rebels scoring with two goals and one assist. Other single goal scorers were Terry Day, Gary Pankewicz and Dan Davie. Fort Saskatchewan managed only one goal losing 5 - 1.

Sixteen penalties were handed out by referee Ron Panchyn, ten to Drayton Valley and six to Fort Saskatchewan. This was one of the better games yours truly has seen this season.

But Sunday was a different story. The first two periods were about the worst hockey I've seen this season. First period ended tied 1 - 1.

By the end of the second period the Rebels found themselves behind 3 - 2. In these two periods the Rebels were out shot 30 - 18. Lorne Foster in the net for the Rebels got the second star in the game but should have got a medal.

In the third period the Rebels started to skate but still didn't get a shot on Fort Saskatchewan net until 8 minutes had gone by. Then they peppered Huskies goal tender Roly Paton with 18 shots including one goal by Doug Hall to tie the game and send it into sudden death overtime. The winner was fired home at 1:50 at the overtime by speedy Henry Hodgson.

Other goal scorers were Frank Roggeveen and Sam Belcourt. Sam also picked up two assists and Doug Hall had a three point day with his tying goal and two assists.

Only five penalties were handed out by referee Bill Flecher, four to Drayton Valley, one to Fort Saskatchewan.

Fort Saskatchewan have a fine young goal tender in Roly Paton who robbed the Rebels time after time in the third period. He also got third star.

Next home games for the Rebels will be next weekend against the Westlock Eagles, Saturday, December 18th and Sunday, De-

cember 19th.

New Ski Chalet Opened Sunday

County Councillor Ivan Vowk and Town Councillor Bob Huber (pinch-hitting for Mayor Lloyd McLean) took part in a great downhill ski race Sunday afternoon during the formal opening ceremony for the new chalet constructed recently by the Ski-Club. With the temperature hovering around 20-below, a large crowd

braved the elements to watch the event (most from the comfort of the chalet). A shotgun blast started the skiers on their way with Mr. Vowk edging out the town representative at the ribbon. Indoors, a number of door prize draws were made and members engaged in a sale and trade of used ski equipment.

Local Skaters Win Medals at Lloyd

On the 4th and 5th of December at the Lloydminster Centennial Civic Centre eleven skating clubs took part in the Northern Sub-Sectional Figure Skating Competition with eight members of the Drayton Valley Figure Skating Club attending. Two Gold medals and one Silver were won by three of these competitors.

In the Juvenile A Ladies' event Michaelle Shimbashi won a Gold Medal and four other Drayton Valley skaters placed in the top half out of a total entry of twenty-two.

In the Juvenile B Ladies' event Bonnie McGee won a Gold Medal, Karen Machan won a Silver Medal and Barb Paley placed 6th in a field of nineteen skaters.

Michaelle Shimbashi and Didier Coppens will go on to compete in the Alberta Section of the Canadian Figure Skating Association which will be held in the Royal Glenora on December the 28th, 29th and 30th.

A great deal of the success of these skaters can be attributed to the patient and qualified training

given them during the last three years by their professional, Mrs. Karen Kirkwood. The skating club is most pleased to have Mr. and Mrs. Kirkwood as new members of the community.

Clippers Win Weekend Games

The Clippers kept pace with league-leading Camrose in Central Midget Hockey action this weekend, by sweeping games from Lacombe and Stettler. On Friday at the Civic Center, in a game switched to Drayton Valley because of unavailable ice at Lacombe, the Clippers playing with 12 players defeated Lacombe 5 - 3 behind the solid goal-tending of Ben Coppens after a shaky first period, and Ron Bartek who led the Clippers with a goal and two assists. Other Clipper scores were Ken Fournier, Bruce Hutton, Darcy Galvon and Xavier Coppens.

On Sunday following the preliminary game between the Rebels and Fort Saskatchewan, the Clippers used five first period goals to coast to a 7 - 3 win over Stettler. Ken Fournier enjoyed his best weekend performance of the season, sharing two goal performance with Roy Buchan, while singles went Xavier Coppens, Dean Samis and Milt Tucker. The Clippers complete their pre-Christmas schedule with a game at Carstairs on Sunday, and a prep game for a Christmas holiday tournament at Dawson Creek.

THANK YOU

I thank all who worked for and endorsed my principles; and who solicited quietly and honorably on my behalf. This was my greatest pleasure in this hard fought campaign.

The greatest disappointment was the poor turn-out in the high density areas.

My parents (and I strongly suspect my family) wish to thank all those who did not support me.

Our congratulations to Maurice McCullagh at this time.

To all residents and ratepayers within the county, give your elected officials a chance to do a job for you. Make things easier for them by offering solutions, to at least some of our problems. No reasonable human can ever completely ignore any sensible suggestion or expression of opinion with a clear conscience.

Report From Parliament Hill

By Allen Sulatycky, M.P.

Last week, I discussed the problems that had arisen out of the confrontation between the Indian Association of Alberta and Jean Cretien.

One of the grievances put forth by Harold Cardinal was that the Federal Government has not supplied them with the money needed to continue the programmes they had started. Why had the payment of this money been delayed?

The answer is quite straightforward. There are basically two ways that the federal government finances such groups and projects. One, is through direct grants. In these cases an organization is given a sum of money, and agrees to submit a general report as to what was done with it after it has been spent.

The second method, most preferred by administrators and con-

scious taxpayers, to disperse money, is by contract. In these contracts, the government gives money to groups such as the Indian Association of Alberta, in return for services which are performed by the members of the organization, for the members. The advantages of this type of programme can easily be seen.

In this type of arrangement however, close watch is kept by the government on the money, to make certain that it is spent for the purposes intended. This is where the difficulties in this case arose.

Of the \$789,000 received last year by the Indian Association of Alberta, \$320,000 was given under contracts to carry out certain training and community development programmes. At the time that the government Audit Ser-

vice Bureau looked at where the money had gone, only \$65,000 had been spent on the actual development programmes.

Of the remaining part of the contract money, (\$255,000), \$130,000 was spent on administration, and the rest had yet to be accounted for.

It is simply not good business to hand over to groups large sums of money when previous amounts have been used in ways other than that for which they were intended. Jean Cretien has been put in the unpopular position of having to be a good businessman.

One of the good points about the contract system, is that it eliminates the need for a costly government bureaucracy to oversee programmes. As can be seen in the high cost of administration of the Indian Association of Alberta however, that advantage has been removed in this case.

As I mentioned last week, the position of Indians across Canada has improved greatly in the last few years. One of the contributors to their success has been the policy by which they run their own programmes, under sponsorship of the government.

It would be an unfortunate decision for the Indian Association of Alberta to withdraw from participation in these programmes.

LEGISLATIVE REPORT

By Kevin Peterson and Don Sellar (Of the Calgary Herald)

The provincial government has decided not to exercise its option of levying a provincial estate tax in the first year of the new federal tax system.

At the same time, however, Provincial Treasurer Gordon Miniely says Alberta is still concerned about possible adverse effects the federal capital gains tax may have on farm properties passing from generation to generation.

Since 1967 Alberta has rebated its 75 per cent share of the federal estate tax which is being phased out under the new tax laws which take effect January 1.

The Alberta Estate Tax Rebate Act has protected some family farms from taxes levied at death and it is possible Premier Peter Lougheed will want to take special steps to preserve this "tax haven" for farmers.

In effect, the new capital gains tax will serve as an estate tax levy on major farm improvements

when an owner dies. And it could work some hardship on an already depressed farm situation as young farmers try to make a living off the land developed by their parents.

The amount of money involved is not great. This year Alberta will rebate about \$8 million in federal death duties to eligible estates.

But what is important is the individual case where a farm is threatened by corporate takeover and would-be farmers discouraged from entering the business.

The strongest argument against Alberta levying its own estate tax -- an option permitted under the new federal legislation -- is the double taxation it would bring to estates automatically taxed on capital gains.

Also this week, Mr. Miniely repeated the government's pledge not to introduce a general sales tax in Alberta. The province is the only in Canada which does not have a sales tax.

However, the provincial treasurer said a "restrictive" sales tax on a particular commodity or luxury could not be ruled out although the Conservative administration has no plans for one in the near future.

The last commodity tax introduced in Alberta was in the 1969 budget when cigarettes, cigars and tobacco were tagged with a 16 per cent levy.

The talk of taxation which is quite widespread in government

Help Make Alberta a Better Place to Live

For approximately 70 years in Canada, man has been attempting to subdue nature with little or no thought for the preservation of natural areas. The result has been a ravaged environment.

Lakes and streams are polluted; thousands of sloughs, lakes and streams have been drained or destroyed; masses of litter befoul the countryside; pesticides and insecticides are responsible for the poisoning of fish and wildlife; tons of topsoil has blown or washed away; bird populations have seen sharp declines, many to the brink of extinction.

The loss of all these has caused the decline in our quality of life. If we want a land and life of good quality we must immediately start to work with nature rather than against her as in the past.

The Alberta Wildlife Foundation, in a brochure published by Labatt's Alberta Brewery Ltd., as a public service, makes several points about the way Albertans might revise thinking and begin working with nature:

Among the suggestions.

- * Leave at least 100 feet of natural back cover around every lake, slough or pothole over one acre in size, particularly on the windward side. This should be standard procedure in the interest of all.

- * Continue public pressure to eliminate non-returnable and non-destructable containers and impose severe fines for those caught dumping garbage, oil or other wastes on public and private property.

- * Teach and encourage youngsters not to litter and learn to have pride in our country and its beauty.

- * Eliminate the practice of spraying roadsides with non-selective chemicals. Selective cutting or topping of poplar would prevent fouling of power lines, and provide jobs for many. Selective cutting or spraying of noxious weeds as a possible alternative which would be necessary only in agricultural areas.

- * Pesticides are non-selective and should be used only where absolutely necessary, after all alternative control methods have been explored. Pesticides take a heavy toll of song and game birds.

- * Under no circumstances should any natural water-flow area be stripped of vegetation for at least 100 feet on either side. Creeks should be left in their natural state.

- * Roadside farming and consequent habitat destruction should not be allowed unless a suitable, equivalent cover-break is left or planted, at least 50 feet in width, 100 feet back from the road allowance. This should become standard procedure, soil erosion would be limited, thousands of birds and animals would have homes provided and our countryside would be much more attractive to visitors.

- * When clearing new land, it should be required that a certain percentage be left in wooded areas.

- * Some of our beautiful lake areas should be made permanent wildlife havens -- free of power boats and snowmobiles. There must be some areas left in our province where there is solitude and freedom from man-made machine noises.

- * The preservation of habitat is vital. Recycling must become a way of life and all must not be so wasteful with paper and other reusable products. It takes 18 mature trees to make one ton of newsprint and we are using our natural resources many times faster than we can replace them.

IF WILDLIFE CAN'T SURVIVE THE ENVIRONMENT WE ARE CREATING, NEITHER CAN WE!

circles has brought gentle chiding from a number of quarters that perhaps the new government should be concentrating on how it will spend the money it is now getting, not planning how to raise more.

At the present rate of decline, even the year 2000 will not see TB wiped out. In 1970, 3,920 new active cases of TB were detected in Canada. There is more to do. GIVE MORE TO CHRISTMAS SEALS.

TO THE EDITOR

Editor,
The Western Review,
Dear Sir:

IN REPLY

There is no better time than the present to air a few items that have troubled me for some time. My apologies for the delay, but with all the preparation of reports, financial and secretarial, to prepare for up-coming annual meetings of sorts, time just wasn't available.

The primary concern, is this myth that this area (specifically #6) is an oppressed and depressed area. Compared to other areas within the county and farther afield, it is a land of milk and honey. Its very diverse situations alone make it one of the more desirable places to live, if you're not afraid to get out and put-out.

From the well-heads and pumpers and the farms along the Pembina in the west, to the Joneson Shorties in the central area; all shout progress. Then the rolling, beautiful highlands of Keephills and Highvale beyond the lake. The glistening blacks that graze on the slopes of Doris and Don Coles' Ponderosa makes one proud to belong in Division 6.

But having a fat bankroll or a large thriving operation does not contentment bring; no way! That smiling sales lady, the aggressive student, the cowboy riding A.I. herd through a wall of mosquitoes in a pelting rainstorm on the lake can be happier by far. I'm not condemning affluency. What I'm condemning is exploitation.

We are a unique area, in that we are almost entirely surrounded by man's most cherished possession; water, Saskatchewan, south, Pembina, west, Lake Wabamun, north. Within the area are several beautiful streams and an abundance of fresh water springs. These we must protect, replenish and preserve at all costs.

And what about multi land use-

age? I'm convinced that with a little better supply-management effort we could produce twice the red meats volume on the present cultivated acreage. Because we are fortunate to live in a higher than average rainfall region.

Are we giving every attention to those beautiful areas that ought to be preserved for recreation, wildlife and fishing? What, has happened in older parts of this county. Ask me some time. I was pleased to see in print expressions of opinion by J. Adam, Mrs. E. Kelly, Mr. Grue on a small portion of these issues, but which cannot be divorced from the overall situations.

We all ought to be explorers, not exploiters. We are merely custodians (stewards) of our resources. Let's plan our accomplishments. In my book, accomplishment is contentment. Think of #6 as that S-u-per S-i-x. Serenity (contentment-tranquility-beauty). The supreme goal - not just monetary, but a place to live and/or a place to want to come back to. An area that does not preach isolationism, but is a supple and flexible thread in the huge web of any land mass (continent or humanity).

I was extremely happy with the courteous reception given me during the recent municipal campaign - eastern and western extremes. During these visitations several persons engaged me in lively and extremely intelligent debate - sources we seldom consider as such. Every human being is a potential resource, if only we believed in our country.

My family and myself wish everyone health, contentment and happiness in this the greatest time of the year -- when the Supreme Gift was made to all. The gift of Eternal Peace.

Sincerely,
C. J. Goertz

Sundance Club Regular Meeting

On Thursday, December 2nd the Sundance 4-H Beef Club held its December meeting at the home of Mr. and Mrs. Rosen.

Chief Assessor Kenneth R. King and Agricultural Fieldman William Moelhoff were appointed members on the Reclamation Council.

SIGNING AUTHORITY

It was resolved that the Secretary-Treasurer be and is hereby authorized for and on behalf of the County of Parkland No. 31 to negotiate with, deposit with or transfer to the Canadian Imperial Bank of Commerce in Stony Plain or the Government of the Province of Alberta Treasury Branch in Stony Plain all or any orders, transfer vouchers and any other orders for the payment of money and for the said purpose to endorse the same or any of them on behalf of the County, either in writing or by rubber stamp.

That all the usual receipts for orders, transfer vouchers or other payments of money returned and certificates of balance be signed on behalf of the County by the Secretary-Treasurer.

It was agreed that the Government of the Province of Alberta Treasury Branch and the Canadian Imperial Bank of Commerce in Stony Plain be used as banking agencies by the County of Parkland No. 31.

PARKLAND REGIONAL RECREATION COUNCIL

The following were appointed as members on the Parkland Regional Recreation Council: Councillor Bakker to serve the unexpired term (one year) of former Councillor Roy Lent.

Councillor Bailey to the vacancy created by the expiration of the three year term served by Councillor Miller.

It was agreed that a Committee

of two members be appointed to scrutinize and certify for payment all municipal accounts and vouchers.

The following were appointed as members of the Accounts Committee: Councillor Bakker and Councillor McCullagh.

OTHER BUSINESS

It was brought to the attention of Council that a policy introduced by the Department of Agriculture provided for guaranteed loans to farmers of up to \$10,000.00 for the purpose of purchasing breeding stock in an area north of the County but not including the County of Parkland No. 31. It was later intended to include in this area that portion of the County situated west of the Fifth Meridian.

It was agreed that the Department of Agriculture be requested to include the whole of the County of Parkland No. 31 in the area designated as eligible to receive these loans.

AIRPORT DELEGATION

Messrs T. Johnson and R. Huber of Drayton Valley were present at the meeting and submitted a proposal to establish an airport near the Town of Drayton Valley. The delegation requested financial assistance from the County in the form of hiring County equipment at cost to construct the run-ways and also requested that the County pay half of the purchase price of the land.

The delegation was asked to obtain a commitment from the Town of Drayton Valley as to the extent that the Town is willing to participate in the project before County Council makes a decision.

A total of 21 applications were received for the position of Development Control Officer and 5 of the applicants were interviewed by Council on December 2nd, 1971. It was agreed that this position be offered to Mr. Frank Florkewich of Carvel.

SNOWPLOWING OF DRIVEWAYS

Since snowplowing of private driveways, free of charge, is contrary to the provisions of the Municipal Government Act, Council agreed to attempt to have legislation changed whereby private driveways could legally be snowplowed free of charge.

It was agreed that Reeve Miller be delegated to ask M.L.A.'s, W. F. Purdy and Rudolph Zander to request an Order in Council or a change in legislation by rewording Section 188 of the Municipal Government Act making it permissive rather than mandatory for a municipality to charge for this service.

Councillor Bakker reported that land owners adjacent to the road west of the NW 1 & SW 12-54-1-5 have consented to construct approximately three-quarters of a mile of this road if the County contributed the sum of \$400.00 towards the cost of this construction. Councillor Bakker recommended that the County contribute the sum of \$400.00 as the cost of constructing this road even to a minimum standard would be considerably higher.

It was agreed that this be inspected by the Public Works Committee.

Lindale Club Plans Party

At the annual meeting of the Lindale 4-H Swine Club held recently it was decided to hold a Christmas party at the Tom Martin home on December 28th.

Ice Capades were also discussed and a firm decision will be made after the price of tickets is known.

Reno Martin gave a talk on Air Cadets and a film was shown by Mr. Young of Leduc.

Lunch was served at the conclusion of the meeting by Mrs. Bijeau.

WILDWOOD NEWS

Burr--our nice weather seems to be over and winter is here - oh well just four months until spring - weather is minor detail, just now - as "Christmas" is foremost in our minds these days.

On Saturday, December 4th, eighteen Elks and Royal Purple travelled to Hinton to present the travelling gavels to the Hinton Lodges. A social evening followed the presentation of the gavels. Everyone had an enjoyable evening.

On Sunday, December 5th the annual Christmas dinner was held in Wildwood Hall Annex with eighty guests enjoying the lovely dinner. Mrs. Vi Lemishka of O.O.R. Purple welcomed the guests and Mr. Howard Cameron saying Grace. Mayor Don Moore spoke on behalf of the village. Mrs. Millie Gerrard spoke on behalf of the Ladies' Aid. Mr. R. Jeffrey represented the Elks. Mr. Hombeiger played the piano for a sing-song and a few games of bingo was enjoyed by the guests. Mrs. H. Williamson thanked the O.O.R.P. Ladies Aid and Elks for the lovely dinner.

On Sunday afternoon a shower was held for Miss Barbara Erickson, bride-elect of December. Barbara received many beautiful and useful gifts for which she ably thanked the ladies.

We are sorry to hear that Todd Vankosky fell from a horse and broke both his arms just above the wrists. He has a full cast on his left arm and partial cast on his right arm. Speedy recovery Todd.

Mrs. Mary Chapko, Mrs. Alice Kalanowski, Mrs. Hazel Winfield, along with about thirty other home visitors from Hinton, Edson, Drayton Valley, Whitecourt and Mayerthorpe spent a very interesting and fruitful day Tuesday, December 7th in the Edson office. There were small group discussions until 11:00 a.m. then until noon was spent in reports from the small groups. Edson ladies served a lovely lunch from 1:00 p.m. to 3:00 p.m. a panel discussion took place by Mr. B. Reichwein; Ken Bellows from Social Development, Edmonton offices; also present were Mac Henderson, Edson Social Development Supervisor; Gordon Armstrong and Mrs. Pat Shechan of Edson A.R.D.A. office and from Public Health Clinic, Dr. Kohlpepp and Norma Jean Cameron. The banquet at 6:00 p.m. at Edson Motor Hotel was followed by a discussion with M.L.A. Bob Dowling.

On Wednesday at 1:00 p.m. Wayne Callaghan of Edson Youth Development met with several ladies at Mrs. Wm. Kalanowski's to speak on drugs and the effects of the different kind of drugs. Present at the meeting were Patti Finlay of Edson ARDA office; Mrs. Peggy Field and Mrs. Joyce Schafer of Mayerthorpe; Merna Cameron, Mary Chapko, Violet Jorgenson, Edna Schessler, Elaine Reid, Hazel Winfield, Alice Kalanowski and Rose Headon. It was a very interesting and informative meeting.

Miss Ann Williamson was home for the weekend from Edmonton. Sympathy goes to Mrs. Rylander

in Edmonton on the passing of her husband. They moved from the Donald district about three years ago.

The ratepayers held their annual meeting in the Wildwood Hall on Thursday night, December 9th with only a small attendance due to the snow and windy weather.

The annual Agriculture Society meeting was cancelled as only eight members attended. Next meeting will be January 12, 1972.

Alan Dimer has started to build a feed mill in Wildwood. It will be a month or so before it will be in operation.

We welcome Mr. and Mrs. Gordon to Wildwood. They have bought and moved into Vic Hawryluk's house just north of town.

Don't forget the session on nutrition and diets to be held in January in Wildwood Hall Annex. Dates to be announced later.

Mr. and Mrs. Art Jorgenson and Jens are to be at the home of Mr. and Mrs. Jens Jorgenson for Christmas. Art and Ivy are

spending a year in Oregon, as Art is going to university in Eugene.

Don't forget the Christmas Concert December 19th at 7:00 p.m. in Wildwood Hall.

20 years made to the
cost of keeping your food frigid.

THEN: The electric refrigerator wasn't beautiful... but it certainly "refrigerated." Remember that icemaker? Solid ice! And the rest of the fridge would ice up too. The food was kept cool (sometimes too cool) for a power cost of

1.75 a month.

NOW: The latest models have separate doors for freezer and refrigerator. They keep butter soft. They even come in pretty colours. And the power cost is only

1.08 a month.

Despite continually increasing costs, the price of electricity is far less than 20 years ago

Town and area Senior Citizens are shown above enjoying the annual banquet sponsored by the Order of Royal Purple. The

supper, held in the Elks Hall last Sunday, was well attended. Entertainment rounded out the evening.

Livestock Loan Program Extended

A further expansion of the program of guaranteed government loans to farmers for the purchase of female breeding stock has been announced by agriculture minister the Honorable Hugh M. Horn-er.

The purpose of the loan program is to enable farmers to start or add to existing livestock enterprises through the purchase of female beef and dairy cattle and sheep for breeding purposes.

The objective of the loan program is to encourage livestock production in areas of Alberta well-suited to forage and live-stock production and to enable livestock producers to take advantage of favorable developments that may occur in the cattle, dairy and sheep industries.

Areas to which the livestock loan guarantee program is to be

extended include: the counties of Two Hills and Lamont and those portions of the counties of Parkland, Leduc, Wetaskiwin, Ponoka and Lacombe lying to the west of the fifth meridian. Also included are Improvement Districts 10 and 11 in west central Alberta.

The program of guaranteed loans has been available to farmers in the Peace River area in the past and the program was expanded in October 1971 to include census divisions 12, 13, 14 and 15. This includes the counties of Lac St. Anne, Barrhead, Smoky Lake, Thorhild, Athabasca and St. Paul; the M.D.'s of Westlock and Bonnyville and Improvement Districts 14, 15 and 18. The loans for sheep have been available over the entire province.

Farmers in these areas will al-

so be able to obtain loans to cover female breeding stock they already own. This enables them to make other payments that may be due without having to liquidate their breeding herds.

In the designated areas, farmers whose main source of income is derived from farming, may apply for the loans at the lending institution of their choice. The government will guarantee loans up to a maximum of \$10,000 for individuals or \$18,000 in the case of partnerships or corporations at an interest rate not to exceed one per cent per annum over the "prime lending rate" of the lending institution. Loans will not be made for less than \$2,000. Farmers will be expected to put up at least 10 per cent of the cost of the breeding stock..

Receipts seasonally lower with the return of colder weather and blowing snow. Sales of cattle and calves were 75-80% replacement classes with butcher steers, heifers and cows comprising the remainder.

Trade was generally active, especially on replacement classes. Butcher steers: steady. Better quality butcher heifers slow 25 - 50 lower in closing sales. Good to medium cows off 50 as the week closed. Bulls 50 higher. Veal and butcher calves steady. Hogs uneven. SLAUGHTER CATTLE AND CALVES

Top quality butcher steers sold actively early in the week with package sales to 33.70 while singles sold to 33.50 odd sale to 33.60 as the week closed. RE: GRASSLAND INCENTIVE PROGRAM

December 31, 1971 is the final date for completion of applications for awards under the "Grassland Incentive Program" for perennial forage seeded in 1971.

Farmers who have reduced their summerfallow and crop land by a minimum of 25 acres and have increased their perennial forage acreage by a minimum of 25 acres in 1971, who otherwise meet the requirements of the regulations, may qualify. The important factor to remember is that the application form must be completed by December 31, 1971. No extension of this date will be made. Applications completed after December 31, 1971 for the 1971 Grassland Incentive Program will be rejected.

Also a reminder that changes in our tax system which affect Basic Herd, are coming. Basic Herd legislation is now to be cancelled. Its provisions were of particular benefit to young farmers who are just becoming taxable, i.e. he

could add to Basic Herd each year without increasing his tax. More benefit from it is gained in a period of rising prices. Perhaps in deciding whether it will benefit your farm ask yourselves the questions: What can I expect future tax rates to be? -- What can I expect interest rates to be? (Paying in advance could be expensive?) -- Then, see your accountant or lawyer.

A final reminder that interviews begin on December 20 for the Introductory Farm Management Course.

GAINFORD NEWS

I see Miss Sandy McNamee is home for a couple days this week from her duties as a nurse in Wetaskiwin.

From Mrs. Herbert I hear: beware of wild animals on the highway near Lanford Park area, especially deer. Mr. Hebert hit one on his way home one night lately and the front of his car looks the worse for wear.

Mr. and Mrs. Hebert recently were guests at the Edmonton Press Club Dinner and Ball. She was happy that they had won a prize during the "Spot Dance".

Mrs. M. Butts was happy to have a visit by her mother, Mrs. Mary Faryna of Edmonton. She came with another daughter, Mr. and Mrs. Henry Janzen and boy Mark, so Mrs. Butts also had her sister to visit.

Thursday evening in the Beauty Boutique Salon Mrs. Forbes entertained a few ladies with a demonstration of Lady Kascot Beauty Products. The ladies had the opportunity of trying the different types of make-up for facials etc.

Mrs. Ida Clarke and young Billy had a day in the city this week. Lunch with Mrs. Lill Petterson and a tour of toyland for Billy.

Mr. C. F. (Red) Hittinger is home for the month of December.

Mr. Diduk is progressing in strength after his stay in the hospital. He walks outside a bit every day.

Mr. Jim Brown is lucky to have a helpful sister close by, Mrs. H. McLachlan. She and Mrs. Ruth McLellan cleaned the house in which Mr. and Mrs. Jim Brown hope to be moving into before Christmas.

Mrs. Helen Ursel enjoyed a day of visiting two sisters-in-laws, Mrs. Minnie Hoffman and Mrs. Louise Ursel of Stony Plain.

The meeting of Gainford Order of the Royal Purple was held Thursday evening December 2nd. Sixteen members were present. Exchange of gifts was held and lunch was served after the meeting. Mrs. Edna Ward brought Christmas cake for everyone to sample and try for a month of good luck in the next year. Next

meeting, Wednesday, December 22nd.

The boys of the community are enjoying the Hauser skating rink. Weather has been ideal for outdoor sports.

HART CANTELON

Readers wishing to write to Mr. Cantelon are invited to do so. All letters to be forwarded to Hart Cantelon Counselling Services Ltd., 1600 Cambridge Building, Edmonton. Please include a stamped self-addressed envelope to ensure a reply.

Dear Mr. Cantelon:

I am a widow for three years now and have three married children - all on their own. My home still has a little mortgage on it, which the social development department is helping me pay. I am 60 and have had a couple of operations which means that I am not too healthy any more. It is very lonely living in a house all by myself. I have met a divorced man with two married children, and another daughter 18 who is not living at home. He still pays 40 dollars a month for her. He has not been living with

his wife for 11 years now and they haven't yet settled the property. The lawyer seems to postpone the matter from one week to the next. This man is willing to help finish paying for my house. He wants to marry me. Will he have the right to my property as soon as I marry him? Do I have to change my name on the property when I get married? I would like to leave it to my children. Could his wife or children have any rights to my property now, or after my death? Will my present will be valid after I marry? Please help me.

Signed: Anxious

Dear Anxious:

All these questions need a legal counsellor to straighten them out. I'd look twice at this situation before I jumped. There are other ways of solving loneliness without taking on added burdens, particularly an 18 year old step-daughter at your age. Above all, don't get married without both of you first seeing a marriage counsellor.

Dear Mr. Cantelon:

I'm not asking you to agree with me, but I'd like to know what you think about people who make other people do something they don't like. I've been taking piano for a number of years and I hate it! I'm not kidding. I know I don't get anything out of it - just sitting there using my fingers when I could do anything else. My parents push me into it. They shove it down me. Last year I mentioned to my parents that I wanted to quit after the term was over, but I'm in it again and I'm so frustrated that I could break my hand, sprain my fingers, run away from home. This wouldn't solve anything I know, but I'm just plain MAD! I like rock, not Beethoven. Please answer in the column because I know many kids are in the same spot.

Signed: Bein' Pushed.

Dear Bein' Pushed:

Let me say, at the outset, that there are times when parents have to do a bit of pushing. It is also correct for parents to introduce their children into the education of music just as you are required to go to school. But if you have

tried piano lessons and hate it as much as your letter indicates, any more pushing on your parents part is useless. Why not think in terms of compromise. You mention that you enjoy "rock music". Ask your parents if they would be willing to let you take one term from modern music, and alternate with your regular program. Perhaps, your present teacher would be willing to talk this through, and arrange such a plan so you wouldn't have to switch teachers in the middle of the year. One last word, please don't develop the habit that when the going gets tough you quit, because the going is going to get tough in every area of your life, and you'll need to learn to bow your back and hit the line.

C.W.L. Membership Now Fifty-seven

The December C.W.L. dinner meeting was held in the Cadium Room on December 6th with Father Lynch and seventy-six members and guests present. They were treated to a delicious turkey supper, following which eight ladies were welcomed as members bringing the total membership to fifty-seven.

"Actually, I wouldn't mind going to the moon, but I wouldn't know what to wear!"

President Mrs. Elaine Home thanked the kitchen staff on behalf of all present for the lovely dinner served and the service rendered during the past year. A box of chocolates was presented to them.

Mrs. Magda Telford read a short story on the Birth of Christ.

The motion was made and passed to donate the proceedings from the Flea Market towards food hampers for the needy.

Members were reminded to save their used stamps and give them to Mrs. Comeau.

Mrs. M. Telford advised us that the Guides were to have a Paper depot.

A sing song followed the meeting, a few contests of skill played and a visit from Santa with a gift for each ended the most enjoyable evening.

Mrs. Eva Henessey expressed all our sentiments when she thanked Mrs. Home for her untiring efforts this past year.

Our January meeting is on January 3rd. Our guests are Dr. and Mrs. MacLure who will show movies on their past two years in Africa. This dinner and movie is open to the public, ladies why not bring your husbands with you. The time is 6:30 p.m., the cost is \$2.25 a plate. For reservations to be phoned in by December 27th. Please phone Mrs. Lil Hook at 542-3450 or Mrs. Gil Hazen-cleaver at 542-5589.

LIGHTS FOR CHRISTMAS

Merry Christmas! I hope you are all nearly ready now. Every Christmas season many requests are received on making candles. Perhaps the following will help you create special lights for this Christmas season.

HOW TO MAKE CANDLE WAX

- Melt down old candles and mold new ones in new shapes and colors.

- Paraffin candles burn well, but as this wax has a low melting point, the candles sometimes drip. Stearic acid, or stearine, prevents drips. Add one-third stearic acid to two-thirds paraffin.

- Two pounds of paraffin will make a candle about the size of a quart milk carton.

HOW TO PREPARE WICKS

- Purchased wicking at hobby shops may be needed for very large candles. The heavier wicking is needed to prevent too many drips.

- Ordinary kitchen string will serve adequately as a wick for most candles.

- A common fault with home-made wicks is that they burn down too rapidly or dry out when lit. To prevent this, soak them for one or two hours in a solution of 1½ tablespoons of salt, 3 tablespoons of borax and 1½ cups hot water. Hang to dry.

- When the string is thoroughly dry, dip it into melted paraffin wax once or twice until well coated. Make sure wicks hang straight and no awkward curves develop.

HOW TO POUR A CANDLE

- Stand the mold in a metal cake pan or on a work area well covered with newspaper.

- Wax shrinks as it cools. Save sufficient wax to fill the well at the top which will form as the candle hardens.

HOW TO COLOR

- Children's wax crayons melt into the paraffin easily (1 crayon for 3 pounds wax). Vegetable dyes and oil lipstick tubes are also sources of colour.

- Pure white candles can be made even whiter by adding a white crayon.

- Shave coloured crayons into thin flakes. Swirl through the wax. For a marbled effect, allow the wax to form a scum on top and then swirl the flakes down into the candle.

- Roman stripes are made by pouring a layer of coloured wax into molds and allowing it to harden. Melt another colour, cool slightly and pour over first layer and repeat. Colours should harmonize and stripes vary in width. Let the colour bands set properly or they will blend in a fuzzy pattern.

CANDLE HINTS

Your Christmas candles will burn evenly and without drips if you chill them overnight in the refrigerator before using them.

Members of Millband Uniform 54-18 will be holding their annual Christmas party on Thursday, December 23rd at 8:00 p.m. Regular meetings will be held the first Thursday of each month.

Plan Carolling At Evansburg

Once again the Kinsmen, Kintettes and Kinsmen wives will be carolling from door to door in Evansburg on Sunday, December 19th at 8:00 p.m. Carolling has almost become a tradition here in Evansburg, since the chartering of the Kinsmen Club in 1958. It is another Kinsmen Community Project, one which helps to propagate the true spirit of Christmas.

EVANSBURG JR - SR SCHOOL NEWS

SPORTS

The Evansburg Senior boys Volleyball team excelled in two of the three tournaments they have played. On November 6th they won the first half of the Yellowhead Division tournament held in Evansburg. The second half of the Division tournament will be held in Edson on December 11th. The Western Conference Championship of the North Central Athletic Association was held in Hinton on November 27th. Evansburg displayed some fine volleyball and came out the winners.

Evansburg then went on to the zone finals on December 4th held in Athabasca. Luck was not running our way and as it turned out Athabasca will represent the zone in the Provincial finals on December 11th. The boys would like to thank their coach, Mr. D. Allen for his work and support, also, Mr. L. Keddie who went to Athabasca with them.

The Ski Club went for their first lesson Monday night at Lake Eden. As well as students, people from the Evansburg area are also taking part. They came home Monday night happy but a little sore. There are eight lessons in all. The next lesson is on December 13th.

INTER-SCHOOL COMPETITION RESULTS

Football -- Over-all winner, junior boys, Tomadoes; and Senior boys, Typhoons.

Volleyball -- Senior boys, Tomadoes; Senior girls, Hurricanes; Junior boys, Tomadoes; and Junior girls, Typhoons.

The individual point leaders are - Senior girls, Kitty Szutak Tomado; Senior boys, Billy Semenyina tied with Ken Herzog (both Tomadoes); Junior girls, Kathy Kalanowski (Typhoon); and Junior boys, Denise Semenyina (Hurricane).

PUBLIC SPEAKING

On November 28th Norma Rosadiuk and Karen Tufty (both of Mr. Simons Social 20 class) travelled to Edson to participate in a speaking competition. Norma's topic was "Canada's Political Economic System" and Karen spoke on "Internationalism from a Canadian Standpoint". First prize was a five week trip to the United Nations, second prize was a one week trip to Banff. If either the first or second place winners are unable to use these trips, Karen will have the chance to go. They both thought that this was a wonderful experience and want more students from our school to take part next year.

CHRISTMAS

Christmas activities in our school have started. You can now hear Christmas records every morning before school, at noon and after school. Decorations are seen down the hallways and later this week in the gym. This week students have brought gifts for our Charity Fund. These gifts are going to be donated to the Family Service Department of the Salvation Army for needy families at Christmas time.

On December 17th in the afternoon a concert will be put on by Mrs. Fornans classes and Mr. Hombergers music class (our school band). Then that evening we are having a Christmas Dance.

The band is from Edmonton, they call themselves (Hot Dog). The time is 9:30 - 1:30 a.m. doors close at 11:30 p.m. The admission is \$2.75 couple, \$1.75 single and 25¢ off for those owning and presenting Students Union Cards.

In closing we wish everyone a Merry Christmas and a Happy New Year.

BERRYMOOR NEWS

Get well wishes to Mr. O. Bowen, who has been ill and has spent some time in hospital. Mrs. Lottie Schneider has returned home from hospital but isn't feeling very spry yet. We

hope that she will be out and around again soon. Crutches seem to have been used quite often in our community during the past few months. The latest person to have to use them is Mrs. Thelma Gilchrist. However, we noticed the other day that she has discarded them and is getting around quite nicely again.

Mr. Lloyd Farnel has left on a trip to Ontario to visit relatives. Now that we have had a generous fall of snow all of the snowmobile owners will be happy. They have had quite a wait to get enough snow to let them indulge in their favorite sport.

He opened up the north with baling wire, canvas and courage - and maybe the thought of Lethbridge Old Style Pilsner waiting when he made it back home. Alberta's original Pilsner has logged a lot of miles and quenched a lot of thirsts in nearly fifty years; and it tastes as good today as it did way-back when. Slow-brewed and naturally aged for men who appreciate the down-to-earth flavour of an honest, old-time beer. Try it.

Funeral Service For Mrs. Snyder

Mrs. Alice Lucy Snyder, an old timer of Tomahawk passed away on December 5th. Funeral services were held at the Tomahawk Community Hall at 2:00 p.m. on Thursday, December 9th.

Officiating clergyman was Rev. R. Oldring of Drayton Valley. She was laid to rest in the Tomahawk cemetery.

Pallbearers were Nick Prokopuk, Nick Melnyk, Pepper Martin, Paul Prokopuk, A. Melnyk and Fin Shaw.

Mrs. Snyder was born in Montreal, Quebec and moved to the Tomahawk District in 1927.

KNOW YOUR SCHOOLS

The purpose of this new "question-and-answer" column is to provide an opportunity for citizens to ask questions about education. If you have any question concerning the schools you are encouraged to send it to "Know Your Schools?" - P.O. Box 777, Stony Plain, Alberta.

QUESTION -- What is a Local Advisory Board and what are its powers? What are its limitations?

ANSWER -- Provision is made in the School Act for the establishment of a local advisory board in any school district or in a com-

bination of districts within a school system. Once officially established, a local advisory board has the following powers:

(a) to request the board of a division to institute religious instruction or instruction in the French language in accordance with the School Act.

(b) to nominate a teacher, and (c) to advise the School Committee and carry out such functions as may be delegated to it by the School Committee.

One of the major difficulties with the formation of these boards is that they must be elected in accordance with the School Election Act. There are other provisions in the School Act which enable local groups or committees to perform the same functions as an advisory board, without the costly and time-consuming procedures required by an election. These are included in Section 65 of the School Act which permits the School Committee to delegate any of its powers to a committee appointed by it. This provision has been used by a number of school jurisdictions to accomplish the same functions as a Local Advisory Board.

TOMAHAWK NEWS

The Tomahawk Fire Department once again had a successful Firemen's Ball on December 4th. It was enjoyed by a large crowd. Gloria Jouan and Mike Hadzariga were the lucky "Door Prize" winners.

Honored guests were George Mann, Councillor of Division 5 and Maurice McCullagh of Division 6. Also Mr. and Mrs. Adolf Schoepp of Stony Plain.

Adolf Schoepp presented the Fire Department with a "Commendation Award". This award commends the Fire Department on Fire Prevention Week and Contest. Awarded for its report on year around activities entered in the 1970 Fire Prevention Contest.

A letter was received from the Recreation Council stating that on January 1st, 1972 all Senior Citizens 65 years and over are to have a free pass to all or any recreation classes they wish to attend, whether it be crafts, basketry, painting, sewing, macrame, knitting, etc. It is to honor our citizens who have given so much to their communities.

The curling board members had their monthly meeting on December 6th at the curling rink. The fire escape stairway is to be replaced at the curling rink. Glen Shaw and Bob Enjeneski are to be caretakers. The ice is in the process of being made now so all curlers interested in curling this season better register soon or you may get left out. To register, phone the club secretary, Adele Stienke 339-3772. Curling fees are still \$5.00 per student and \$10.00 for adults. A men's open bonspiel will be coming up in January and an open mixed bonspiel in February.

Tomahawk wishes to welcome newcomers to the district, Leslie and Leah Pigeon and their two children, Tresha, 7½ years and

Blaire 5½ years. They have moved from Edson and live in Ed Rominuk's house. Leslie Pigeon is employed at Sundance as a steel worker.

The Ladies' Aid had a very successful bazaar and bake sale on December 4th. Many ladies enjoyed visiting over a cup of tea or coffee. They wish to thank all who came, especially the car load of ladies and gentlemen who came from Stony Plain.

The Pee Wee's had a game against the Lions on our home ice. The score was tied, one all. Wednesday's game played against Norette's at Drayton Valley was a Tomahawk loss. Score 1 - 2. Next Thursday, December 13th will also be played on home ice against the Norette's, weather permitting. Everyone is welcome to come and watch this exciting game.

We wish a speedy recovery to Eric Myck, Noreen Strocher and Margaret Reich, who have been in the hospital and are home now. Also to all those suffering from colds.

KEEPHILLS NEWS

Ellen Raymond is in Edmonton for medical care.

Donna and Keith Smith of Seba spent the weekend here visiting relations.

Temperatures dipped to seven below in this area on December 7th but reached the twenties down on the flat nearer the river.

Edward Tattersall has been working near Fort Assiniboine the past few weeks.

Mrs. G. Raymond enjoyed a visit from Mrs. D. MacDougall last Tuesday and on Wednesday a visit from her sister, Mrs. Emma Homme of Burtonsville.

Mr. G. Raymond received word recently that his sister, May Jest-

in, had fallen on the ice while skating and fractured her hip and is in the General Hospital at Red Deer.

Mr. Henry Kaiser is home from the Stony Plain Hospital.

PRINTING ERROR

OTTAWA -- The Canada Post Office today confirmed the inadvertent issue and sale of one sheet of the Maple Leaf in Autumn stamp with 1 color missing.

The missing colour results in a complete absence of the text "Canada, Autumn, Automne, 7" from all stamps in the faulty sheet. One to four additional, similarly faulty sheets may exist.

Let's get down to facts.

Fact is we're the largest, most experienced snowmobile manufacturer in the world. Here's why!

FACT/ROTAX ENGINES:

Designed exclusively for each model. Winter proven to start even at forty below. Aluminium alloy cylinders, aluminium pistons, shrouded axial fan (two cylinder engines) and cooling fins get rid of heat fast to keep it running cool.

FACT/IDEAL BALANCE:

The power to weight ratio is just right. Even the driver's position has been taken into account. Enough weight on the track to give you sure thrust traction and enough weight on the front for carving tighter turns.

FACT/QUALITY BUILT:

The keynote to each Ski-Doo snowmobile is quality. Each one is checked on the drawing board, test run in the factory and checked out by your dealer to insure the best possible performance for each particular model.

FACT/WIDEST CHOICE:

Elan, economical, full-sized only \$595+...the fun-loving, sporty Olympiques...zappy, TNT* trailbusters...and the swinger's choice, the luxury-laden Nordic* machines. Plus Alpine*, Valmont*, Blizzard*...seven great series more than 24 models.

FACT/BEST SERVICE:

Our special factory approved service schools assure you quality maintenance. Each of our over 2,400 dealers offers you a dependable warranty, the most complete stock of genuine Ski-Doo parts, accessories and winter sportswear fashions.

If you want **ALL** the **FACTS**, see your **Ski-Doo** dealer and pick up our 20 page **Facts** book:

When you look at all the facts...
